Subject: Recommendation letter for Mr. **WALID BELAID**

To Sir and Madam,

I knew **Walid BELAID** as a full-time Master's degree student in New Materials Physics and Renewable Energies, I was his Professor of **Physical Phase Transitions**, Solid state Physics Laboratory, Faculty of Sciences, Sidi Mohamed Ben Abdellah University, Fes.

While being a student of mine, I can say that he is a keen and dynamic student. He is fully committed to his study, and his dedication and ambition in achieving whatever is required to succeed was remarkable. W. BELAID is a very driven and hardworking person of whom I think highly.

Serious and thoughtful student, a good approach in his relations with his classmates and his teachers. This makes him unquestionably an exceptional candidate for this scholarship.

Considering his current interest and background in the Materials and Nanomaterials field, I strongly recommend him for this scholarship.

Sincerely,
Najib Benzakour
PhD. Professor
